

Summer Packet for Incoming 2nd Graders

Dear Incoming 2nd Graders,

Congratulations for completing 1st grade! While you have fun this summer, please remember to keep your brain active! Your summer packet consists of 3 parts: Reading, Math, and Writing. This is a **mandatory** assignment and will be due on Friday, September 15, 2017.

On the following pages you will find a reading log with some response questions, a math log, and a few pages for journaling your summer days. Please read the directions on each activity in order to complete it correctly. Feel free to go beyond the minimum expectation! These activities are meant to keep your brain “turned on” during the summer, so that you will be ready for 2nd grade in the fall! Below you will find a scale of how your packet will be graded.

Enjoy your summer and we'll see you in August!

☺ OLV

Turned in on time:	10 points
Neatness:	15 points
5 Book minimum with written response:	50 points
Math log	50 points
Summer Vacation story:	25 points

Reading Log: There are 10 full weeks of summer vacation this year. We ask that you read 5 books during that time. A good way to break it up, is one book every other week! After your book is completed, choose a reading response question and complete a section of the reading log. You may only use each question once! Remember to write in complete sentences!

After completing your log at the end of the summer, complete these sentences:

1. What character do you like the best? Why?

2. What character do you like least? Why?

3. The part of the book/chapter that surprised me most was...

4. Is there a problem in the story? What was it? How was it solved?

5. The setting of the story was.... (time and place). Would you like to travel there?

My favorite book that I read this summer was

_____.

I would give it
(color)

out of 5 stars.

I (Circle one) would/would not recommend this book to a friend because

_____.
